WYABLE accounts allow individuals to save and invest money without losing eligibility for certain public benefits programs such as Medicaid, SSI, or Social Security Disability Income. Earnings in a participant's account are not subject to federal income tax, so long as they are spent on "Qualified Disability Expenses." These accounts are not checking or savings accounts, they are investment. Participants who use WYABLE will be investing their money into the different options provided by Vanguard Mutual Funds. While funds can still be withdrawn and spent as needed, WYABLE accounts also allow participants to grow their money and to save long-term for disability expenses.

During this summer Thyne clients were excited to spend the day at Cedar Creek in Star Valley Ranch, swimming, having lunch, and enjoying the beautiful scenery and weather!

Lots of smiles, good food and friends!

Here we are having a picnic in Kemmerer with the whole clan! All the programs got together and had an awesome BBQ and made some great memories!
